

Pay Equity — Prioritized Findings (2025)

Source: NBFG_Demo_Pack

Reviewed 40 pay equity finding(s) for fiscal year 2025. 2 Critical, 1 High. Findings include gender comp gaps at the LOB+Level grain and regional compression after FX-normalization. Findings with cohort < 5 employees are flagged Insufficient and excluded from the brief.

Top Findings

CRITICAL	1. Capital Markets — L6: female total comp 7.6% below male peers Cohort: 30 female / 110 male. Female avg total comp: 632,510. Male avg total comp: 684,446. [7.6% total-comp gap]
CRITICAL	2. Wealth Management — L5: US compensation 6.1% below structural expectation vs Canada US avg total comp (305,126 USD) implies a US-to-CA premium of 1.11x, materially below the structural expectation of 1.18x. CA avg: 275,403 CAD. Affected US headcount: 160. [US 6.1% below structural expectation]
HIGH	3. Wealth Management — L6: US compensation 5.3% below structural expectation vs Canada US avg total comp (448,174 USD) implies a US-to-CA premium of 1.12x, materially below the structural expectation of 1.18x. CA avg: 401,069 CAD. Affected US headcount: 80. [US 5.3% below structural expectation]
MEDIUM	4. Corporate & Investment Banking — L1: female total comp 2.1% above male peers Cohort: 368 female / 532 male. Female avg total comp: 99,666. Male avg total comp: 97,630. [2.1% total-comp gap]
MEDIUM	5. Corporate & Investment Banking — L5: female total comp 2.0% above male peers Cohort: 68 female / 172 male. Female avg total comp: 411,145. Male avg total comp: 403,201. [2.0% total-comp gap]

Methodology

Pay equity gaps are computed as $1 - (\text{Female avg total comp} / \text{Male avg total comp})$, expressed as a percentage. Positive values indicate female compensation below male peers. Cohort sizes determine confidence: ≥ 30 =High, ≥ 15 =Moderate, ≥ 5 =Low, < 5 =Insufficient. Regional compression compares average total comp across regions for the same LOB+level after FX normalization (default 1 USD = 1.35 CAD; override via PAY_EQUITY_USD_TO_CAD env var). Severity thresholds: Critical $\geq 6\%$, High $\geq 4\%$, Medium $\geq 2\%$, Low $\geq 1\%$. Reproduce all numbers from the 'Detail by LOB+Level+Region+Gender' tab.
